

A sunny day, the weather is fine
Music 's pure, gimme gimme more vine
Pretty people, all over the place
festival feeling, I am in extase
Listen, listen to that beat
Once again twice and repeat
Be excited for some meat
From backstage we want to greet
Kick it, kick it, kick it like the base
Moving, moving, moving through the days
Put a smile on your face
Just stop – do not race

On the feet, grab a camping chair
Bikini on, cappy for the flair
Pretty people, all over the place
Summer vibes, I am in extase

Listen, listen to the beat
Once again twice and repeat
Get into the water, jump in with me
I love the sea and sea loves me

Kick it, kick it, kick it like the base
Moving, moving, moving through the days
Put a smile on your face
Just stop – do not race
